

Independent Order of Odd Fellows
Dedicated Members for Change

June 14, 2014

Dear Dedicated Members for Change,

We don't normally share youtube videos in this newsletter, but the one, below, is quite touching and worth a watch. It was sent up to me by Gary Charpenier, PDDGM, VG, Chairman of the State of the Order Committee of the Grand Lodge of California and a member of Los Angeles - Golden Rule #35. The video is entitled "Unsung Hero" and it was produced by a life insurance company out of Thailand. The video went viral and has over 14 million hits, to date. Gary opines, after watching the video, that many of our members may have forgotten our ways

Helping others. Doing the right thing every time. Understanding that a good deed provides its own reward. These things never go out of style.
